Tymoshenko v Tymoshenko: Funny business at the polls

Two-and-a-half million Ukrainian **hryvna** is a lot of money.

It converts to \$92,000 or £70,000.

Two-and-a-half million **hryvna** also gets you a spot on the ballot paper for Ukraine's presidential election next month.

If you come out as one of the top two finalists, you get your money back. If not, well, there's your **hryvnas** gone.
